SOFTWARE DEVELOPER

PROFILE Results-driven **Software Developer** with 2+ years of experience designing, developing, and deploying scalable web applications across front-end and back-end environments. Adept at leveraging modern technologies such as **React, TypeScript, Node.js, Ruby on Rails, Java, and AWS** to deliver efficient, high-quality solutions. Strong foundation in **physics and analytical problem-solving**, enabling data-driven decision-making and process optimization. Recognized for improving performance, automating workflows, and ensuring code quality in cross-functional teams.

EXPERIENCE **Hola ELO**

Software Developer | 2024 – Currently

- Spearheaded the development of ELO HUB, an all-in-one platform for psychologists integrating AI-powered session transcription, patient chatbots, scheduling, and payment automation.
- Improved platform scalability and reduced load times by **35%** through optimized React component architecture and AWS service integration.
- **+100 users** paying for the platform
- Enhance API response times by **~25%**, improving user experience and retention.
- Tech Stack: React, TypeScript, Ruby on Rails, AWS

Innova Solutions

Software Developer | 2023 – 2024

- Delivered **2 end-to-end applications** from design to deployment using React, Spring Boot, and AWS, meeting all project deadlines.
- Developed reusable components that **cut front-end development time by 30%**, boosting overall team productivity.
- Enhanced CI/CD pipelines with **Jenkins**, reducing deployment errors by **40%** and accelerating delivery cycles.
- Tech Stack: React, React Native, TypeScript, Java, Spring Boot, Node.js, AWS, Jenkins

Innova Solutions

Software Developer Intern | 2022 – 2023

- Completed an internal Salesforce project that automated data tracking and improved CRM reporting efficiency by **20%**.
- Learned and applied Salesforce CRM, Apex, and Lightning Web Components to streamline internal workflows.
- Tech Stack: Salesforce CRM, LWC, Apex, JavaScript, HTML, CSS, Git

EDUCATION **Bachelor in Physics**

Universidad Autónoma de Nuevo León | 2018 - 2024, Monterrey, Nuevo León, México

Web full stack Certification

Academlo | 2021 - 2022, Monterrey, Nuevo León, México

SKILLS HTML | CSS | Javascript | TypeScript | React | React Native | NodeJS | Java | SpringBoot | AWS | Salesforce | Apex | LWC | Visualforce | Python | Numpy | Matplotlib | Pandas | PyTorch

LANGUAGES Español: Nativo
English: B2 level. Conversational.
